

# Why go **ONLINE** for assessment?

## Student Benefits

- Students are more engaged and feel less stressed.
- Students are digital natives and are comfortable in online settings.
- Students receive assessment results and feedback quickly.
- Promotes positive attitudes in learners when assessments are interesting.
- Students are not required to have assessment supplies and materials (bubble sheets, essay booklets, or #2 pencils).
- Special Education and English Learner students often perform better in an online setting.

## Teacher Benefits

There are many ways online assessment can preserve teachers' planning and instructional time:

- Online assessments are scored instantly.
- Students can complete online assessments in less time than it takes to complete written assessments.
- Teachers have fewer administrative duties (counting and collecting assessments, passing out materials, packing materials, etc.).
- No more trips to the copier!

## School/District Benefits

- Eliminate the need to gather the response forms and then score by hand, or enter the responses into a software program for scoring.
- Online assessments can be taken at any time and from anywhere, and you can access the results in the same fashion.
- An online assessment provides more flexibility and consistency in the presentation of content.
- Online assessments offer immediate results.
- Eliminate handling paperwork or waiting for assessments to be scored.
- There is no risk that the assessment results have been damaged or lost.
- Electronically-collected data allows for expedited analysis of performance data.
- Online assessments are more cost effective!
